Self-directed Support

Self-directed Support (SDS) is the way in which support services are now provided by the Health and Social Care Partnership. There are 4 Options, these are:

Option 1- Direct Payment

You receive the funds to buy support yourself

Option 2– Individual Service Funds

You choose the support you would like and it is arranged for you

Option 3– Traditional Services

The Health and Social Care Partnership arrange support on your behalf

Option 4– Combination of Option 1,2 or 3

Payroll Service

Dundee Carers Centre also has a Payroll Service for people who choose Option 1 (Direct Payment) to employ their own Personal Assistants and would like some support with managing payments.

The Payroll team are happy to discuss tailoring the service to your needs, but usually offer three levels of support to choose from:

- ◆ Basic Payroll Service
- ◆ Intermediate Support Service
- ◆ Third Party Money Management Service

For more information about any of these services, please contact us—our details are on the back page of this leaflet.

Other payroll services are available and the SDS advisors can discuss these options with you.

If you choose **Option 1** (Direct Payment), our Learning and Development worker can provide you with individual or group support on the following:

- ◆ Develop a learning plan and access learning opportunities that fit your needs as an employer
- ◆ Share your experience of SDS
- ◆ Achieve the Employers Quality Standard
